Fishing Access Sites Vault Toilet Installations

Montana Fish, Wildlife & Parks (FWP), Region One, has completed an environmental assessment (EA) for the purpose of installing vault toilets at Swan River, Pressentine, Beaver Lake, and Thompson Chain of Lakes Little McGregor, McGregor Lake, and Lower Thompson Lake fishing access sites (FAS). The only change to the draft EA is that, due to comments regarding use patterns, one toilet will be installed at Pressentine FAS instead of Kokanee Bend. The toilets will be installed as funding and logistics allow.

Copies of the final EA and decision document are available at Fish, Wildlife & Parks headquarters, 490 N Meridian, Kalispell; Montana State Library, 1515 E 6th Ave., Helena; the Flathead County Library, 247 First Ave. E, Kalispell, and 521 Electric Ave., Bigfork; and the FWP web site at fwp.state.mt.us.
